“THE FRONT” was formed in 2004 and is made up of several first class musicians and entertainers with varied musical backgrounds, that have come together to create one of Baltimore’s most exciting vocal and musical performance groups. The fact that all of the bands’ 5 member’s can sing “the lead” gives them the ability to do any kind of music: from pop to rock to country and back again. Individually, they have performed all along the east coast and heavily in the Maryland, Virginia, Pennsylvania area. The group performs 3 or 4 times a month, so you have got to book them well in advance if you don’t want to miss out on this great band.

The Front Band:

KEN AMIG – Vocals, Lead Guitar, Mandolin and Harmonica

Ken has been playing in local groups since the 70's and has played the whole gambit including pop, rock, disco and country. Some of the local bands Ken has performed with are Argus, Bock, Associates, Feelings, Powers & Bavis Band, Hollow Mountain Riders, Border Line and Fog. Ken's guitar style is a direct result of his wide range of musical taste and when he and Rick get going, it's something to hear. Ken is one of two great rock tenors that are in The Front.

SHAWN DOYLE – Vocals and Bass Guitar

Shawn was born and raised in Annapolis, Maryland and is the youngest of the group. He has been playing guitar, piano, bass and various other instruments since he was about 8 years old. Shawn has played with local groups such as "Music Room" and "Fog" and has been performing professionally on stage and in pit orchestras for over 20 years. His ability to "hit the high notes", along with Kenny, allows the band to perform vocal arrangements that other bands cannot.

ED PACHILIS – Vocals, Keyboards

Ed has been performing in the Baltimore area since he was a teenager and has worked with many local groups over the years including Naturally Stoned, Dakota, Bitter Creek and Willie Johnson. A terrific addition to the group Ed brings a sound and element that will blow your mind. With Ed's versatile keyboard ability The Front brings in a complete Brass and String section.

DAN SZEKALSKI (Ski) - Vocals and Drums

Dan is a driving force with his steady beat, his solid vocals and his stage presence. Ski, while with the group "Impulse", toured the East coast and recorded in studios in New York and New England, rubbing elbows with many national artists. Locally, Ski has played with some well known groups like Collage and Bak-Traxx. Ski first became interested in playing the drums when he heard the Beatles back in the 60's. He's been playing the drums ever since!

RICK TRABERT – Vocals and Lead Guitar

Rick is another born and raised Baltimore boy and has been playing for over 35 years. His primary influences include Eric Clapton and Martin Barre (Jethro Tull). He has played with rock acts such as Guilty by Association and The Kamikaze Band, as well as metal acts Rage and Sirent. He recently performed with the acoustic based FOG (Five Old Guys). His hard hitting style of guitar reflects his rock roots and his vocals provide the band with another distinct sound. Rick also plays bass and drums and has an encyclopedic knowledge of all things musical.
